

batch_size=400

400 rows: 1 update per epoch (batch)

batch_size=150

150

150

100

3 updates; the last batch is smaller

batch_size=32

13 updates: 12 of 32 rows, 1 of 16

batch_size=1

400 updates (stochastic)

each block is one update; 400 rows, drawn to scale (stochastic: every 4th row line drawn)
