

The diagram consists of three concentric ellipses. The outermost ellipse is light blue and contains the text 'Artificial Intelligence' and 'any way of making a machine act smart'. Inside it is a light orange ellipse containing 'Machine Learning' and 'the machine learns the rules from data'. The innermost ellipse is light green and contains 'Deep Learning' and 'ML with neural networks that find the features by themselves'.

Artificial Intelligence

any way of making a machine act smart

Machine Learning

the machine learns the rules from data

Deep Learning

ML with neural networks that
find the features by themselves
