

The diagram consists of three concentric ellipses. The outermost ellipse is light blue and contains the text 'Artificial Intelligence' and 'machines that show intelligence'. Inside it is a light orange ellipse containing 'Machine Learning' and 'rules learned from data'. The innermost ellipse is light green and contains 'Deep Learning' and 'many-layered neural networks; features learned automatically'.

Artificial Intelligence

machines that show intelligence

Machine Learning

rules learned from data

Deep Learning

many-layered neural networks;
features learned automatically
